El Cliente

!!!Nunca subestimes la importancia de un cliente!!!

- ▶ Un cliente no depende de nosotros... nosotros dependemos de él (o ella).
- ▶ Un cliente NUNCA interrumpe nuestro trabajo... él es su fin.
- ▶ Un cliente nos hace un favor cuando viene aquí... no le hacemos nosotros el favor al atenderlo.
- ▶ Un cliente es parte de nuestro negocio... no un intruso.
- ▶ Un cliente no es una estadística fría, es un ser humano de carne y hueso con sentimientos y emociones, como nosotros.
- ▶ Un cliente es una persona que nos trae sus deseos, es nuestro trabajo cumplirlos.
- ▶ Un cliente merece la atención más cordial y atenta que le podamos brindar.
- ▶ Un cliente es el alma de **[Restaurant Name]**

Debes poder atender a muchas clases diferentes de clientes.

Para poder realizar sugerencias adecuadas y brindar un buen servicio, es útil reconocer y saber cómo manejar a todo tipo de clientes. Por ejemplo

El cliente tímido:	Interés genuino y comprensión paciente pondrán cómodo a este tipo de cliente. Incluso hasta un comentario sobre el clima lo pueden hacer sentir como en casa.
El cliente agresivo:	Este tipo debe manejarse con modales corteses y comerciales. La amabilidad y cordialidad con frecuencia lo pueden transformar en un cliente agradecido y estable.

Advanced systems offer many other features. In the right hands, they give owners control over front- and back-of-house operations like never before. Business owners can choose subscription terms, credit card processors, payment types offered and even third-party apps to integrate. Pixabay License/multifacetedgirl/Pixabay MORE FROM QUESTIONSANSWERED.NET There are a number of industry-specific systems tailored to businesses such as day care, hair salons, dry cleaners and auto shops. It's not a problem with Clover Mobile or Clover Mini. Enhance your knowledge of NCR Aloha and ensure you are familiar with key manager functionalities. If a company has technical expertise they can buy individual components and configure them, but many companies buy all the equipment and software from one vendor so they have technical support. A basic POS system for a small, one location business costs between \$800 and \$1,500 (as of 2010). A point of sale (POS) system is the lifeblood of any retail establishment -- the place where a retailer collects the money from a customer. A POS system includes at least one computer and monitor, along with a keyboard and/or bar code reader, credit card reader, printer and the associated software. All systems support card-based and mobile payments with state-of-the-art EMV security features.
